Importance: High

This is late. Reporter is pining. Rick just approved. I have highlighted the timeframes in yellow.

1. Does the EPA have a plan in place for regulating the use of the genetically engineered (Oxitec) mosquitoes?

Ex. 5 - Deliberative Process

Background:

Ex. 5 - Deliberative Process

2. Is there still an approval process that needs to take place since the FDA handed oversight over to EPA?

Yes. These products will now be regulated under FIFRA; thus the company must show EPA that their product meets FIFRA established safety standards.

3. If so, what is the timeline and basic structure of that sort of process?

Ex. 5 - Deliberative Process

Background:

Ex. 5 - Deliberative Process

4. Will the EPA be looking to other countries in which the Oxitec mosquitoes have already been used for guidance in evaluating the mosquitoes' approval?

Ex. 5 - Deliberative Process

Subject: The Scientist (DDL COB today): Mosquitos

Hi Mary and Cheryl,

Is there any possibility of answering these today?

Thanks,
Christie

Abby Olena
The Scientist

Deadline is 5pm Monday, so essentially COB today.

1. Does the EPA have a plan in place for regulating the use of the genetically engineered (Oxitec) mosquitoes?
2. Is there still an approval process that needs to take place since the FDA handed oversight over to EPA?
3. If so, what is the timeline and basic structure of that sort of process?
4. Will the EPA be looking to other countries in which the Oxitec mosquitoes have already been used for guidance in evaluating the mosquitoes' approval?
5. Are there other examples of the release of living insects or other kinds of animals that EPA has overseen?
